<b>Friday, September 18</b>	KTH CAMPUS	Individual meetings	Free time		
	Individual meetings				

# Practical information

## Venue

## Getting to the Division of Industrial Ecology (September 14)

Address of the Division is Teknikringen 34 (building K).

You need to walk directly forward from the subway (letter T on the map) up passing road crossing, through the temporary construction tunnel, passing KTH Library on the left after.

To get inside from the entrance use the door phone and call Olga Kordas (B8773).

**Please, don't be earlier than 9:50 at the entrance to the IE on September 14!** We are not in the office by this time and will not be able to open the main door for you.

## Transportation

### From the airport

We expect all of you arrive to Stockholm Arlanda airport (if not, let us know). There are several simple options to get from it to Stockholm.

### Arlanda Express

It's quite expensive (280 SEK, but there are significant discounts if taking group ticket for 2-4 people), but is for sure the fastest and the most reliable way of commuting between the airport and the city.

You can take it either from Terminal 5, or Terminals 2-4.

<https://www.arlandaexpress.com/>

### Shuttle buses

Cheap way to get to the city centre. Regular fare is 99 SEK.

<http://www.flygbussarna.se/>

<http://www.swebus.se/>

### Taxi

Makes big sense when travelling in a group. Use taxis with fixed price (it should be ~ 500 SEK). We recommend Taxi 020, Taxi Kurir, Taxi Stockholm companies.

## Local transportation

Stockholm has very efficient local transportation system (SL), you can schedule your journeys and find maps at their website <http://sl.se>. We recommend to buy week ticket on the very arrival - that will provide you full freedom to go anywhere. Tickets can be bought in any Press Byron (small shops), SL Centers at the Central Station/Tekniska hogskolan, SL automatic machines at any subway station.

## Weather

Weather forecasts are not very stable for Stockholm – in average it would be somewhere about +15 during the day and about +10 in the night, rain is always possible.

<http://www.accuweather.com/en/se/stockholm/314929/month/314929?monyr=3/01/2014>

## Money

Local currency is Swedish krona (SEK), 1 SEK = ~ 0.11 EUR. Credit cards are accepted everywhere, there are quite many exchange points in the city and most of them would be closed on Sunday, so if you need to exchange money do it in the airport – the exchange rates there are regular.

## Meals

We invite you for joint lunches on September 14, 16 and 17, 2015 at 12:00.

On September 15 the lunch will be served during the seminar at IVL.

On Friday you can take lunch on your own. For example, there's a number of places in KTH, they are marked on the map of the campus.

## Wi-Fi

You'll be provided with temporary accounts (login+password) to access KTH-OPEN wireless network that can be accessed anywhere over the campus.

## Contacts

If any questions/emergency feel free to call/sms/mail us

Kateryna Pereverza, [kateryna.pereverza@abe.kth.se](mailto:kateryna.pereverza@abe.kth.se), +46 76 715 73 40
